

**The Family Educational Rights and Privacy Act (FERPA)** affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

- The right to inspect and review the student's education records within 45 days after the day School receives a request for access. The student should submit to the School Director, Financial Aid Office or registrar a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
  - A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.
  - If Capri College decides not to amend the record as requested, we will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
  - All student records are on file in the school administrative office. A permanent student record includes, at a minimum, records of date of entry and departure, program of study, course credits, hours and grades.
  - Capri College provides privacy and protection concerning information in student files in accordance with The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99). This is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

**Capri College / FERPA policy in its entirety can be found on our website at <http://www.capricollege.edu/consumer-information/>**

- **Information Release:** It is the policy of Capri College that parents/spouses/legal guardians/references of our students may be contacted concerning progress reports, attendance records, policy abuse, job placement, loan repayment and/or other information that may affect the student professional development, as deemed necessary by the college. This includes release of personal information and loan status to a third party loan service for default prevention. Students assign permission to this effect by signing the enrollment agreement.

*Note: An adult student may (in writing) retract or deny permission of this notification per FERPA. (Family Educational Rights and Privacy Act.)*

- The right to provide written consent before the School discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

- Capri College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by Capri College in an administrative, supervisory, academic, or support staff position (including law enforcement personnel); or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the School who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the School.

FERPA requires a school to make a reasonable attempt to notify each student of these disclosures unless the institution states in its annual notification that it intends to forward records on request or the disclosure is initiated by the student.

. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
