### **Americans with Disabilities ACT (ADA Policy)**

Capri College complies with the provisions of the Americans with Disabilities Act of 1990. If you require special accommodations due to a disability as defined by -ADA 1990, you must submit the required Capri College Enrollment Application along with a form outlining the disability and accommodations needed at least 30 days prior to your class start date. Since most states require specific ADA attestations for State Board exam administration, Capri, also requires that the applicant submit appropriate (and current) documentation from a healthcare provider attesting to the disability and specifying the accommodations to be provided. Capri College will offer reasonable accommodations that fall within the parameters of the state board and licensing guidelines.

### **Legal History / Disclosure**

Capri College asks for full disclosure of any prior felony(s) or misdemeanor(s) (other than minor traffic violations) on the enrollment application. This information is used, in part, to advise students of licensing complications or potential denial of state licensure. Capri College reserves the right to confirm any information submitted or to complete a background check on any applicant. Based on that information Capri may deny enrollment or terminate any student withholding criminal or pertinent legal information and/or giving false information. Notwithstanding, Capri College may deny enrollment to any applicant with a criminal background that we feel may pose a safety concern to our students, staff and customers. The above information, including sex offender status, is kept in a confidential file.

## **Two Week Trial Period**

Capri College requires our students to participate in a Two Week Trial Period prior to full acceptance to the program. This allows prospective students to participate in classes, meet with teachers and get a feel for the environment at Capri College. If during that two week period, student determines not to continue with training, the student may withdraw with no tuition commitment (other than the application fee and registration fee). An applicant will have the opportunity to withdraw without penalty by notifying the school before midnight of the third business day following either the scheduled orientation, signing the enrollment agreement, making an initial payment, or a tour of the school facility and inspection of equipment, and will be issued a full refund of all monies paid. The student who discontinues must return any equipment or books that were issued or will be charged accordingly for those items. The Two Week Trial Period also allows Capri College to assess the student's aptitude to determine if the student is capable of successfully completing and benefiting from the program. At the end of the two week trial, a personal interview will be held between the student and a member of the College instructional staff to evaluate the student's training progress. Specific areas that will be evaluated during the Trial Period are:

1. **Ability/Skill:** The initial weeks of training are very intense with many new skills learned daily. The student must demonstrate the ability to learn the technical skills necessary to be successful in their chosen career field. Students must maintain a 75% average.
2. **Academics:** Capri College must ascertain whether the student will be able to successfully pass the written State Exam to attain licensure in their field. Therefore, students must commit to their education by devoting time outside of school studying/preparing for tests. A 75% average must be maintained during this basic phase of training, as well as throughout the program.
3. **Attendance:** Each day of class is a pre-requisite for the class that follows, therefore, attendance is essential for successful passing of the Trial Period and for eventual course success. Perfect attendance is expected during the Two Week Trial Period. Any days missed during the Trial Period will be factored into the decision of whether to allow the student to continue training at this time.
4. **Attitude:** Being in the classroom on time and commitment to the topic and demonstration is a priority. Students being disruptive in class, disturb the classroom learning environment, use inappropriate language, engage in unapproved or untimely cell phone activity or are disrespectful to other students or instructional staff will not be allowed to continue with the training at Capri College.

## **Training Understanding**

I understand that the training offered includes supervised, practical education with clients who pay the school a discounted price, that I will not be compensated for this practice nor any associated sanitation practices (laundry, dispensing of products, etc.) and that I am not an employee of the school. I understand my tuition cost would be significantly higher without this practice and waive any claim for compensation for this reason.

## **Accelerated Learning**

Capri College may accept and grant hours of up to 15% of a program based on documented prior knowledge learned. Criteria for hours granted are based on documentable prior education, verified by test-out procedures. The hours granted for accelerated learning shall be documented in the participating student's file. After completion of all entrance requirements, a student may elect to sit for written tests to evaluate the knowledge about subject matter gained from prior learning experience. A student who wishes to be granted hours for prior or concurrent education shall maintain the academic grades and attendance policy standards of Capri College.

Capri Massage Therapy graduates that passed the massage licensing exam within the last two years will be granted 105 hours into Capri's Cosmetology or Esthetics programs (or 54 hours into Nail Technology).

### **Transfer Students / Transfer Credit**

At a minimum, 25% of the hours/credits required for graduation from Capri College programs must be completed at Capri College.

### **Transfer Policy**

Students with credit for previous cosmetology arts & sciences or massage training must meet all the following requirements for transferring hours or credits:

1. Complete all Capri College admissions requirements and procedures
2. Submit transcript(s) from previous school(s)
3. Meet with School Director and Program Director to determine the amount of clock hours transferable and the classes needed for graduation from Capri Colleges program. It may be required for the transfer student to participate in a Capri College Skill & Aptitude Assessment relative to their respective program.

A determination will be made by Capri College as to the number of hours that will be accepted from previous training programs. Since the student will be granted a diploma stating successful program completion and graduation from Capri College, the amount of transfer hours will be based ultimately on meeting all of Capri College academic and skill level expectations.

Core Life Science Transfer: The State of Iowa allows for transfer of core life science credit (up to 150 clock hours) from one successfully completed Iowa Cosmetology Arts and Science program into the second. This does not include Massage Therapy training.

Students transferring into a Capri College program will have tuition calculated proportionately based on the remaining hours needed for completion, and will be charged a rate of: \$9 per hour needed for Cosmetology, \$11.50 for Massage, \$12.50 for Esthetics, \$11 for Nail Technology, and \$5 for Instructor Training. Fees, books and equipment are charged according to the items needed by an incoming transfer student (need not be purchased from the school).

### **Non-Accredited Short Classes**

Capri College occasionally offers short classes, usually up to 4 hours. Subjects include: Iowa law, Airbrush Make-up, Hair Extensions, etc. These classes do not fall within our institutional scope of accreditation (ACCSC) and are required to be paid for with personal payments.

### **Career Objective and Instructor Qualifications**

Capri College trains students for entry level, licensed positions in the Beauty and Wellness field (Cosmetology, Esthetics, Nail Technology, Cosmetology Instructor and Massage Therapy). We do not have a specific target population, and accept any who meet our requirements. Our instructors are required to be licensed by Iowa and have three years industry experience before being allowed to oversee instruction of our students. Licensed instructors with less than 3 years industry experience may be employed in class or on our practical training clinic to assist under an instructor with three years industry experience. Students should graduate proficient in the technical skills of their chosen field and able to pass the licensing exam. Capri makes no guarantees that students will pass licensing exam or find employment. Our Student Right to Know and ACCSC completion / placement documents on our website disclose our most recent student population and outcomes.

## IV. ACADEMIC POLICIES & PROCEDURES

### Clock Hour Definition

One (1) Clock Hour = Sixty (60) minutes

### Grading Procedure

Grades are given in the following areas:

- \*Theory Lecture quizzes and tests
- \*Practical classroom assignments
- \*Clinical / Lab Experiences
- \*Attendance / Participation

The following grading system is used in all courses at Capri College:

Satisfactory	A (4.0).....93 — 100%
Needs Improvement	B (3.0).....85 — 92%
Unsatisfactory	C (2.0).....75 — 84%
Failure	F (0.0).....74% & Below

\*A failing grade of (0) will be given if a student fails to complete or submit their work.

Capri College students must maintain a 75% minimum “Satisfactory” Grade Evaluation for satisfactory progress reporting .

### Progress Reports

Students will be kept apprised of their progress weekly at Advisory Meetings. Students will receive written reports at the end of each evaluation period/term. This report will be used for Satisfactory Progress determination and will include written theory exam scores, class grades, clinic requirements and attendance percentage. Students not meeting satisfactory progress will be subject to course failure, loss of financial aid and/or termination from school.

### Retake Exams

Students who do not attain a 75% on a written exam may retake the exam but must do so within two weeks of the initial exam administration. Only one retake per exam will be allowed. If the student passes the retake exam, the exam score will be the minimum passing grade of 75%. If the student fails the second attempt, the second exam score will be recorded. If the student does not retake the test within the two week time frame and has not made prior arrangements for consideration, the student will receive the original unsatisfactory grade. In order to successfully complete the course, students must maintain a minimum passing grade of 75%.

### Make Up Work

It is the student’s responsibility to make up all work missed due to absence or tardiness. Arrangements for make-up work must be made the first day the student returns to school following an absence. All make up work is due within two weeks of the absence unless specific arrangements are made between the student, the instructor and/or Student Support Services. Failure to turn in makeup work within the two week time frame could result in a zero (0) (Failure) for the class and/or termination. It is imperative that students meet with their advisor or Student Support Services to make up all classes/exams missed due to absences as ALL classes/tests must be attempted in order to graduate. As with “retake” exams, students must maintain a minimum passing grade of 75% average to successfully pass the course. Continued/excessive missed classes and disregard for the training process could result in termination from school.

### Class Size

To ensure that a student has opportunity for maximum participation and personal attention, the individual class sizes at Capri College are limited to a maximum of 30 students. The state of Iowa code requires an average student/instructor ratio of 15 to 1.

## **GRADUATION REQUIREMENTS**

Each student must satisfy all required academic and financial obligations, including but not limited to the following:

- 1) Proficiency in academic and technical skills, indicated by an overall grade avg. of 75% or above in written, practical and clinical class work;
- 2) Completion of all requirements for the course, including all written tests (passing score on final exam required), classroom assignments, and clinic requirements
- 3) Completion of clock hours specific to the program;
- 4) Participate in an exit interview with a college staff member\*
- 5) Payment in full of any and all accounts with the college.
- 6) If early testing is allowed, student must pass licensing exam to receive completion certificate (does not apply to any student not planning to practice in Iowa immediately upon graduation).

*\*All students must complete a school exit interview, and any student receiving Financial Aid must complete a Financial Aid exit counseling interview.*

## **CREDENTIAL AWARD**

Upon successful completion of the graduation requirements, the student will be issued a diploma from Capri College.

## V. SATISFACTORY PROGRESS POLICY

### Satisfactory Progress

Satisfactory Academic Progress is required for all students actively enrolled at Capri College in order to maintain enrollment and eligibility for Title IV Financial Aid Funding. Satisfactory Progress must be maintained by all students, regardless of whether or not they are receiving Federal financial aid. Capri College maintains a file on each student throughout the program to verify Satisfactory Progress. Termination may result if student does not meet SAP minimums

### Evaluation Periods for Satisfactory Progress

Satisfactory Progress evaluation periods are scheduled at the midpoint and end of each academic year. SAP evaluations are completed and signed at the end of each evaluation period. In order to maintain SAP, a student must achieve the following:

- A). Academic (Qualitative) Standard – Students will be given a percentage grade for academic progress. ***The minimum grade considered satisfactory is 75%.*** Incompletes are counted as hours attempted in the GPA calculation.
- B) Attendance (Quantitative) Standard - Satisfactory progress for attendance is considered to be completion of the required hours/courses for each period by the scheduled completion date. ***Attendance below 80% of scheduled time is unsatisfactory.*** Department of Education requires that all students must graduate in maximum time of 1.5 of course length. Approved Leaves of Absence are excluded in this time frame. The following schedule is the time frame for Satisfactory Progress Evaluations by program:

### **COSMETOLOGY... 2100 HOURS**

Evaluation Periods: 450 Clock Hours / 900 Clock Hours / 1350 Clock Hours / 1800 Clock Hours / 1950 Clock Hours / 2100 Clock Hours

### **ESTHETICS....720 HOURS**

Evaluation Periods: 360 Clock Hours / 720 Clock Hours

### **MASSAGE THERAPY... 720 HOURS**

Evaluation Periods: 360 Clock Hours / 720 Clock Hours

### **NAIL TECHNOLOGY... 360 HOURS**

Evaluation Periods: 180 Clock Hours / 360 Clock Hours

### **INSTRUCTOR OF COSMETOLOGY ARTS AND SCIENCES.....1000 HOURS**

Evaluation Periods: 250 Clock Hours / 500 Clock Hours / 750 Clock Hours / 1000 Clock Hours

### **TRANSFER STUDENTS**

Capri College will consider accepted transfer hours as both attempted and completed (100% attendance) and will exclude consideration of grades at previous schools for SAP purposes.

### **Satisfactory Academic Progress**

Any student who fails to maintain Satisfactory Academic Progress, outlined in School Catalog and determined at evaluation periods, may be terminated and lose financial aid eligibility (if applicable).

Attendance for all enrollment periods (including summer) is included in the maximum timeframes to complete 150% of the published program length. Changes in major, pursuit of a second degree, and remedial courses do not apply to our institution and thus do not have any effect on SAP.

### **Unsatisfactory Status**

In accordance with the US Department of Education regulations, termination of financial aid may result when the student is not maintaining Satisfactory Progress. If a student is not meeting Satisfactory Progress, the student will be put on “Warning Status” for the next term. If at the end of the subsequent term, the student still does not meet “Satisfactory Progress”, he/she will be placed on “Probation Status” and lose Financial Aid Eligibility. This may also result in termination from the course. A student must be able to graduate from a program within 150% of the published program length.

### **Appeals Process**

Students who can demonstrate legitimate and/or extenuating reasons for not maintaining Satisfactory Progress may appeal (in writing) their loss of financial aid eligibility and/or enrollment termination. Situations such as extreme illness, death of a family member, natural disaster, or other documented events could warrant an appeal. If an appeal is granted, guidelines for the evaluation period will be established for the student by the school. These guidelines will consist of additional study time, practical assignments, extra scheduled hours or other related activities. During this time the student will remain eligible for Financial Aid. At the end of the next evaluation period it will be re-evaluated whether the student will continue training and be eligible for further financial aid. In extreme cases, the school may waive policies for students who demonstrate special consideration. Request for waiver consideration may be submitted in writing by the student, along with any supporting documentation.

### **Readmission Policy for Satisfactory Progress**

Students may be eligible for readmission to the college following Unsatisfactory Progress dismissal from school after a waiting period of six months. Students may write an appeal to request special consideration of the six month waiting period.

### **Reinstatement of Aid**

Students who were dismissed based on unsatisfactory status may be readmitted for a defined period of time on a probationary status. The students will be allowed to work toward satisfactory progress before being reinstated for financial aid. Eligibility will be determined based on an interview between the Financial Aid Director and the student. Students must maintain satisfactory progress during the reinstatement period in order to maintain enrollment and continued eligibility of financial aid.

## VI. ATTENDANCE POLICIES

### Attendance Policies

The state of Iowa requires recorded attendance of all scheduled hours; therefore, good attendance is essential. The student will realize the benefits of good attendance through good grades, a timely graduation, and enhanced job opportunities. If success is to be achieved, self-discipline in work habits is necessary.

All students must attend regularly scheduled classes and clinic. Capri College does not differentiate “approved or unapproved absences” in terms of attaining hours. If you are not in attendance on a scheduled day or part of a day, for any reason, you are considered absent.

### Attendance Percentage Expectation

As stated in each program description, the State of Iowa requires specific hour attendance in each program in cosmetology arts and science and massage therapy. Capri College encourages 100% attendance from the students, however, we realize sickness and emergencies arise. Therefore, we strive for a reasonable attendance percentage of 90% or above. (This equates to an average of less than two days absence per month). Students are kept abreast of their attendance status through weekly posting of hours. If a student falls below 90% attendance they must take immediate steps to make up the time to re-establish the 90% expectation. In the event the student attendance would drop to 85% (or below), he/she will be immediately placed on attendance supervision. The supervision time allows up to 60 days (two months) for students to demonstrate “noticeable” improvement in their attendance percentage. Students will be given every opportunity to bring their attendance average back up through scheduled make up time, make up assignments, waivers or appeal process. If the student fails to meet the 60 day attendance supervision requirements or a pattern of superfluous absences continues, the student will be subject to Zero Tolerance contract and possible termination from school. (Capri management and staff realize that occasionally “unfortunate” circumstances beyond the students control can occur. In this event, students may use the appeal process or request in writing a “policy waiver” specifically outlining the hardship or reason for the low percentage of attendance.) This waiver and hardship will be addressed and followed up by the School Director and/or Capri College Student Support Services.

### Absence Notification

If a student is going to be absent or tardy, the student, a parent, or spouse is REQUIRED to call Capri College 30 minutes prior to the scheduled starting time. Calling before scheduled start time allows the College to notify and change clinic appointments in a timely manner and inform classroom instructors of the student’s absence prior to class commencing. Failure to report absences is unprofessional, disrespectful and considered one of the most egregious violations in a service industry; therefore, total disregard of this process will be addressed quickly and strictly. Failure to call in an absence is considered a “no call/no show” and will immediately result in a write up in the student file. Continued failure to notify the school of an absence in a timely manner will result in attendance supervision, and if not corrected, termination from school. The phone system records exact timing of calls, therefore, specific call-in times are kept for student records.

*\*Due to privacy issues (FERPA) and for accuracy of information, students may not have another student call in for them or report another’s absence.*

*\*If an absence is pre-planned, due to a special event, students are asked to submit a written request at least 24 hours in advance. This is a professional courtesy and is part of employment readiness expectation.*

### **Tardy Policy**

Students are considered tardy when they are not in attendance at the start of the scheduled class or clinic, but arrive after class or clinic commences. If a student is going to be tardy, he/she is expected to call prior to start time. More than two hours late will be considered absent in the calculation. Habitual tardiness/lateness is unprofessional and will result in a disciplinary write-up in the students file. Repeated offenses may result in Disciplinary Action, Attendance Supervision, or Termination from school. Students who know in advance they will be tardy due to appointments or commitments, may submit proper documentation for a waiver for the late arrival.

### **Leaving Prior to Dismissal Time**

Students are required to submit a Request for Time-Off (RTO) to the reception desk or Student Services at least one day in advance if they need to leave school early for any reason. Leaving school early without pre-notice (at least one day in advance), or pre-approval is considered an unreported absence and will be subject to a disciplinary write up in the student file. Repeated offenses may result in Disciplinary Action, Attendance Supervision or Termination from school.

### **Lunches and Breaks**

Lunch time consists of one thirty (30) minute period of time per day. Classroom and clinical activities (appointment scheduling) determine appropriate lunch times and students will be assigned a scheduled lunch time by the instructor or receptionist. When scheduled on clinic, students will receive clear specific lunch times and must notify the receptionist/clinic staff if they are leaving the college premises. Over-running lunch times and being late for class or appointments will result in disciplinary action. Breaks, (small 10 minute mid-morning or mid-afternoon) is part of the scheduled attendance time and therefore regulated by the college as to where, when and how long breaks may be taken. Consequently, students may not leave the college premise while on break. Abuse of this policy will subject the student to Disciplinary Action, Attendance Supervision, or Termination from school.

### **Accurate Time Recording**

Abuse or cheating on time recording is considered a violation of the Student Code of Conduct and will result in Disciplinary Action, Attendance Supervision or Termination from school. Students may not have another student "clock them in or out". This is considered as a breach of honesty from both students involved, and both will be subject to Disciplinary Action and may result in Termination from school. Students are required to monitor their hours throughout the program. Student Services will post the students weekly attended hours and it is the responsibility of each student to notify Student Services within two weeks if there are any discrepancies.

### **Saturday/Evening Exclusive & Class Day Attendance Criterion**

Saturdays and evening hours as well as scheduled class days are mandatory and essential to the Cosmetology Arts and Science and Massage Therapy service industries and therefore those times are required attendance for students. Saturdays and evenings are vital to your future employer and we have committed to train and develop dependable employees and to instill a mindful work ethic in our students. Class days also are a vital part of your education and each class day is a pre-requisite for the class that follows. Excessive days missed (a maximum of 5), Saturdays/Evenings or Class Days, will result in Disciplinary Action, Attendance Supervision and may result in Termination from school.

### **Weather Delays and Closings**

Notice of school delays and closings due to snow or natural disasters will be aired on local media stations in the city and surrounding areas of all Capri locations. Students will be given specific information on weather closings at orientation. Closings will also be posted on the school's Facebook page.

## **Leaves of Absence**

Temporary interruptions in the student's program due to medical or serious personal reasons may be allowed through the process of a Leave of Absence. The U.S. Department of Education has imposed strict regulations that limit leaves of absences to less than 180 calendar days during any one twelve month period. The allowable time frame for an approved Leave of Absence may range from one week to six months (180 calendar days). Capri College requires the student to submit medical (or extreme hardship) documentation if the Leave of Absence is over fourteen (14) days. The Leave of Absence request must be submitted in writing, dated, along with start and end date of the requested leave, signed by the student (unless emergency prohibits) and approved by the School Director/Student Support Services. If an extension to the initial Leave of Absence is needed, the student must contact the school and resubmit the time of the needed extension in writing. In the event that a student has already taken a leave of absence of 180 days and is then faced with another emergency, the federal regulations require that the student officially terminate from school. As per Department of Education requirements, if a student does not resume attendance at the institution at or before the end of a leave of absence the institution must treat the student as a withdrawal and enact cancellation.

## **Attendance Waiver**

Students may request an Attendance Waiver due to extenuating circumstances. The form may be obtained from the Student Services Department and should be submitted immediately for processing.

## **“Key” for Disciplinary Procedure**

Students that violate the attendance guidelines and school policies will receive notification and will sign a written course of action to improve in this area. This may be through either a Point or Violation system.

*Disciplinary Action:* A meeting and formal write-up in the student file with a positive course of action outlined.

*Attendance Supervision:* Following the above Disciplinary Action, the student will sign a written contract to chart a positive course of action within a specific time frame. Supervision can range from 1 to 2 months.

*In-School Suspension:* If a student fails to meet the requirements under Attendance Supervision, they may be placed on a 3 or 5 day in-school suspension and will not be allowed to take clients during this time.

*Zero Tolerance:* When a student fails to meet the requirements after their in-school suspensions, they will sign a written contract and be placed on Zero Tolerance for a period of 1 to 2 months.

*Termination:* Termination will result when all efforts to demonstrate improvement have been exhausted and the student is unable to comply with the policies. Students who are terminated from Capri College may be eligible for readmission upon submitting a written request to the School Director.

## VII. DRESS CODE

### **Dress Code**

Capri College students demonstrate their professional knowledge through their own personal appearance. The image presented must reflect traditional professional ideals through attire, hairstyle and hair color, grooming, actions and mannerisms. Therefore Capri enforces a professional dress code that prepares students for all areas of employment in a variety of business environments. Students not following the dress code will not be permitted to stay in school that day. If for some physiological or sociological reason the student cannot adhere to the dress code, the student may apply for a waiver from this specific requirement. This waiver must be documented in writing in the student's file.

### **Cosmetology Arts and Science Uniforms**

All Capri students are responsible for the neatness and cleanliness of their uniform.

**Lab Jackets:** Cosmetology Arts and Science students are issued a lab jacket(s) and/or apron. These must be worn at all times to identify them as a "student" to the public.

**Name Tags:** All students will be issued identification badges which are to be worn at all times while in school. If an identification badge is lost, students must replace the badge immediately through the student services office.

**Slacks/Pants:** Students are required to wear professional, appropriately fitting, conservative BLACK slacks/pants. If leggings are worn, the lab jacket must be worn to cover backside.

**Shirts:** Students will receive BLACK Capri T-shirts as part of their uniform.

**Shoes:** Any color low-heeled, closed toe, comfortable shoes must be worn.

**Hair:** To be a professional stylist, skin care specialist, makeup artist or nail technician one must look their best and portray a confident and fashion forward image that reflects the beauty industry. Hair must be styled, if a ponytail is worn, it must be curled, styled, and current.

Female students must wear makeup every day and it should be checked and re-applied throughout the day when necessary. Polish may be worn, but chipped polish must be removed. Male students must be clean shaven or have a professionally trimmed beard, mustache and sideburns.

### **Massage Therapy Uniforms**

Students will be issued Massage Therapy imprinted shirts. Professional looking black slacks/pants and low heeled closed toe shoes are to be worn. Due to the substantial amount of stretching in Massage Therapy, it is recommended that the slacks/pants be comfortable and constructed of a stretchy fabric.

### **General**

Solid black cardigans are allowed without any writing on them. Any color long sleeve tops may be worn under Capri uniform T-shirts with no writing on them as well. Hooded tops are not allowed at all. Tattoos, jewelry and/or fashion accessories must be of a non-controversial design and may not attract undue attention or cause offense or negative response from the public we serve.

### **Personal Hygiene**

Due to the close personal contact students have with the public, daily showers or baths are required. Additionally, the use of deodorant, antiperspirant, cologne and breath mints and breath fresheners are essential. Gum chewing is prohibited. Foods that affect breath negatively should be avoided when serving the public. Special care must be observed by students who smoke (breath mints, hand washing, and neutralizing body and clothing sprays should be used).

### **Smoking / Inhalant Policies**

The State of Iowa prohibits smoking in buildings and outside within 100 feet of an entrance. Capri has an outside designated smoking area that falls within these guidelines. For purposes of clarity and monitoring, smoking rules are applied to all forms of inhalants, including smokeless cigarettes, imitation nicotine or other inhalant products. These products/devices are to be kept out sight, in as much as any tobacco product.

## VIII. GENERAL POLICIES

### **Training Understanding**

I understand the training offered includes supervised, practical education with clients who pay the school a discounted price, that I will not be compensated for this practice nor any associated sanitation practices (laundry, dispensing of products, etc.) and that I am not an employee of the school. I understand my tuition cost would be significantly higher without this practice and waive any claim for compensation for this reason.

### **Assigned Sanitations & Dispensary Duties**

These methods give the students an opportunity to work with the administration and staff to develop a healthy, creative atmosphere for both personal and professional growth. If a student has a complaint or concern that cannot be resolved by above mentioned methods, the student should contact the School Director. A formal documentation of the complaint/grievance will be made and signed by both the student and the School Director with the plan of action or the outcome. This will be placed in the student's file. If all above attempts fail to reach resolution, the student may contact the Capri College corporate office in Dubuque, Iowa. The name and address to which the complaint/concern should be directed is:

If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints reviewed by the Commission must be in written form and should grant permission for the Commission to forward a copy of the complaint to the school for a response. This can be accomplished by filing the ACCSC Complaint Form. The complainant will be kept informed as to the status of the complaint as well as the final resolution by the Commission. ## IX. MINIMUM CANCELLATION AND SETTLEMENT POLICY

The minimum cancellation and settlement policy assures that each applicant/student is provided a fair and equitable refund when eligible.

**Rejection:** If the candidate's application for enrollment (prior to start date) is rejected by the college the applicant is entitled to a full refund of all monies paid.

**Enrollment Period:** Enrollment Periods are time segments based on the specific clock hours for that program. The following chart defines each enrollment period/term according to program length:

<u>Program Name:</u>	<u>Program Length</u>	<u>Program Enrollment Period</u>
Cosmetology	2100 Clock Hours	0—900 Hours / 901-1800 Hours / 1801—2100 Hours
Massage Therapy	720 Clock Hours	0—720 Hours
Esthetics	720 Clock Hours	0—720 Hours
Nail Technology	360 Clock Hours	0—360 Hours
Instructor of CA&S	1000 Clock Hours	0—1000 Hours

**Cancellation Procedures:** Capri College requires the student (or parent/guardian of a minor student) to give notice of cancellation or withdrawal to the school director or other school administrator

**Cancellation Refund Computation:** This is determined by the number of scheduled hours between the start date of the Enrollment Period to the last date of attendance before withdrawal is determined. Date of official notice of withdrawal from the student is the postmark on written notification, the date on received/confirmed email, or the date said information is communicated to a school administrator. If a student does not notify the school of extended absences or notify the school in writing of withdrawal, after the 14th day of absence, the school will expel the student from school using the last recorded day of attendance for refund computation purposes.

**Termination:** Termination may result if a student violates the student code of conduct, policies of Capri College, or if he/she does not maintain satisfactory academic or attendance progress as outlined in the student catalog.

**Withdrawal Date:** The withdrawal date for refund computation purposes is the last date student attended prior to the date the student notifies the school of withdrawal. When the college enacts termination, the last physical day of attendance will be used for refund calculations.

### CAPRI COLLEGE TUITION REFUND POLICY

- ◆ ***Cancellation Within Three Business Days:*** An applicant will have the opportunity to withdraw without penalty by notifying the school before midnight of the third business day following either the scheduled orientation, signing the enrollment agreement, making an initial payment, or a tour of the school facility and inspection of equipment, and will be issued a full refund of all monies paid.
- ◆ ***Withdrawal or Dismissal Between Day Four and Two Weeks:*** Near the end of the first two weeks of classes, a personal interview will be held between the student and a member of the College staff to evaluate the student's progress, grades, attendance, and the student's commitment to continue training. If the college determines the student is not suited to the program (failing grades or attendance), or the student decides to discontinue within the two week period, the student shall be entitled to a refund of all monies paid minus a \$100 registration fee and \$50 enrollment application fee, which shall be retained by the school. In either circumstance, the student must return all textbooks, handouts, and equipment issued during the first two weeks in good condition, or will be charged published cost.
- ◆ ***Withdrawal Or Dismissal After Two Weeks, But Prior To 60% Of The Scheduled Enrollment Period:*** Student will be charged all tuition, fees, equipment, textbook, and uniform costs associated with the enrollment period. The student account will be credited 90% of the published tuition for the enrollment period, multiplied by the number of remaining scheduled hours in 60% of the enrollment period divided by 60% of the scheduled hours in the enrollment period. If student payments exceed balance after this calculation, Capri will refund the difference within 45 days. (Iowa code 714.23 (a) below, if applicable, supersede this section in regards to tuition refund calculations to Iowa resident students).

- ◇ *If, at any time, an Iowa resident student terminates a postsecondary educational program due to the student's physical incapacity or, for a program that requires classroom instruction, due to the transfer of the student's spouse's employment to another city (student must request either in writing and provide professional, verifiable documentation), the terminating student shall receive a refund of tuition charges in an amount that equals the amount of tuition charged to the student multiplied by the ratio of remaining scheduled hours in the enrollment period to the total number of scheduled hours in the enrollment period.*
- ◆ **Withdrawal or Dismissal After 60% Of Scheduled Enrollment Period:** Student is not eligible for any refund (except in specific cases addressed in Iowa Code 714.23 (b), summarized below).
  - ◇ *For each Capri College location specifically: If the cohort default rate for students under the Stafford Loan Program as reported by the United States Department of Education for the most recent federal fiscal year is more than one hundred ten percent of the national average cohort default rate of all schools for the same federal fiscal year or six percent, whichever is higher, Iowa resident students who terminate will receive a refund of tuition charges in an amount that is not less than ninety percent of the amount of tuition charged to the student multiplied by the ratio of the remaining number of scheduled hours in the enrollment period to the total number of scheduled hours in the enrollment period.*

**Program Changes:** College reserves the right to change or modify the program content, equipment, materials or staff as deemed necessary.

**Military Deployment:** Iowa Administrative Code 261.9(1)g provides military students the following: If a student who is a member of the military or the spouse of a member of the military (if the member has a dependent child) is deployed (ordered to state military service or federal service or duty) and must discontinue enrollment, the student will be entitled to either a full refund of the current term or may arrange to complete the current term and/or return following deployment to complete the course. The student must submit deployment papers to the college to enact this refund.

**V.A. Program:** The refund procedure outlined by the V.A. Policies applies to all students enrolled at Capri College under the V.A. Program and supersedes any refund policies outlined in the enrollment agreement for the students who qualify. The V.A. Policy specifically requires that a student's VA benefits may be interrupted and/or the student's enrollment may be cancelled if they are absent for more than 14 consecutive days.

**Veterans Benefit and Transition Act of 2018:** Capri College will not impose any penalty for use of VA funds. This includes assessing late fees, denial of access to classes, clinic, or other training, or borrowing funds to cover an institutional balance while waiting on the VA to process enrollment or release funds to college for payment of balance. VA students also have access to all facilities in the college, including the library.

**Course Cancellations/ School Permanently Closing:** If a course is cancelled subsequent to a student's enrollment or the school is permanently closed and no longer offering instruction after the student has enrolled and prior to graduation, the school shall provide a pro rata tuition refund to the student.

**Refund Procedures:** Capri College will make any refund required under the above refund conditions within 45 calendar days after the school dismisses the student or receives notice of withdrawal. Refund calculations are based on tuition only. A student has the right to return any unused or returnable kit items within 20 days of withdrawal, and a pro-rata kit refund will be credited to the student account. Anything returned must be in good condition, electronics wiped clean with no ID or password associated. Students who withdraw from school with a tuition balance owed will not be allowed to remove textbooks/equipment kit until the balance is paid. Capri College will not be held liable or responsible for unclaimed items more than thirty (30) days after the students' enrollment ceases.

**Collection Policy:** If the student has a balance owed to Capri College at the time of withdrawal, the student must make payment in full within 30 days of withdrawal. Added costs incurred to collect a delinquent account may be added to student's balance by a collection agency. The undersigned promises to be responsible for charges incurred, to pay all additional costs, charged collection fees and expenses, including reasonable attorneys' fees and costs, if incurred for collection or otherwise and submits jurisdiction and venue either in Dubuque County, Blackhawk County, Linn County, or Scott County, Iowa. By signing the enrollment agreement, the student thus allows the school to release any data provided the school to a collection service.

**Return of Title IV Aid (R2T4):** When students withdraw from Capri College (officially or unofficially), the last day of physical attendance (LDA) - calculated from when a student punched in to complete academic activity at the school - is used. Capri College will determine the amount of financial aid earned in each enrollment period. This is determined by the amount of time the student was scheduled to be in attendance based on LDA over the scheduled hours for the enrollment period.

If a student has not reached above 60% attendance in the enrollment period, Capri College is required to return portions of unearned Title IV Funds. If the amount disbursed directly to the student is greater than the amount earned, the student is responsible for returning funds to the Title IV programs. Funds are returned in the following order: 1) Stafford Unsubsidized Loan, 2) Stafford Subsidized Loan, 3) Parent PLUS Loan, 4) Pell Grant, and 5) Federal Supplemental Educational Opportunity Grant (FSEOG). Capri College will return the funds for which it is responsible as soon as possible but no more than 45 days after it determines or should have determined the student withdrew.

**Post Withdrawal Disbursement (PWD):** If a student receives less Title IV aid than earned, a Post withdrawal disbursement is calculated and applied to the student account, with priority to refund grant funds. Within 10 days of withdrawal, borrower is notified of eligible loan funds. In the case of loan disbursements, notice and written confirmation from student or parent borrower is required before making a post withdrawal disbursement of loan funds. Written confirmation response must be received from borrower within 14 days of mailing. Any funds earned beyond tuition and fees will be disbursed directly to student within 14 days. Post Withdrawal disbursement amount is determined by Title IV aid earned, it does not relate to incurred school charges. Minimum Cancellation and Settlement Policy.

The Clery Act, named after Jeanne Clery, a university freshman, who was raped and murdered in her dorm room by a fellow student on April 5, 1986. Her parents championed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) in her memory. This Act is a federal law that requires colleges to report school safety policies and any crimes that occur “on campus”. This information is available each year in an Annual Security Report (ASR), which is distributed to incoming students and reviewed yearly on October 1 and can be found in its entirety on Capri College website. (see Campus Security & Fire Safety Report). The Clery Act also requires schools to send timely warnings to the school community when there are known risks to public safety on campus and also contains the Campus Sexual Assault Victim’s Bill of Rights, which requires colleges to disclose educational programming, campus disciplinary process, and victim rights regarding sexual violence complaints.

In 2013, President Obama signed a bill which amends the Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking.
